

Welcome back!

Welcome back to our Safeguarding Newsletter, we hope you found last term's update useful and informative. As you already know, safeguarding is at the heart of all we do here at Huntingdon Academy and many of the everyday routines and the ethos of the Academy underpin the importance of keeping children safe. School assemblies, the PSHE Jigsaw curriculum, playtimes, our life skills curriculum as well as the ongoing pastoral support the Academy offers all work together to ensure our children understand how to keep themselves safe. This multi-faceted approach to safeguarding ensures that the Academy is proactive in terms of keeping children safe.

The Prevent Strategy - A guide for Parents

What is the Prevent strategy?

Prevent is a government strategy designed to stop people becoming terrorists or supporting terrorist or extremist causes.

The Prevent strategy covers all types of terrorism and extremism, including political and religious extremism.

How does the Prevent strategy apply to schools?

All schools (as well as other organisations) have a duty to safeguard children from radicalisation and extremism.

This means schools have a responsibility to protect children from extremist and violent views, in the same way we protect them from drugs or gang violence.

Importantly, schools can provide a safe place for pupils to discuss these issues so that they better understand how to protect themselves.

What does this mean in practice?

Different schools will carry out the Prevent duty in different ways, depending on the age of the children and the needs of the community.

Many of the things we already do in school to help children become positive, happy members of society also contribute to the Prevent strategy.

These include:

- *Exploring other cultures and religions and promoting diversity*
- *Challenging prejudices and racist comments*
- *Developing critical thinking skills and a strong, positive self-identity*
- *Promoting the spiritual, moral, social and cultural development of pupils, as well as British values such as democracy*
- *Protecting children from the risk of radicalisation, such as using filters on the internet or vetting visitors who come into school*

KEY TERMS

Extremism – vocal or active opposition to fundamental British values such as democracy, the rule of law and tolerance of different faiths and beliefs

Ideology – a set of beliefs

Terrorism – an action that endangers or causes serious violence to a person/people, causes serious damage to property, or seriously interferes or disrupts an electronic system, and is intended to advance a political, religious or ideological cause

Radicalisation – the process by which a person comes to support extremism and terrorism.

Frequently Asked Questions

How does Prevent relate to British values?

Schools have been required to promote British values since 2014, and this will continue to be part of the response to the Prevent strategy.

British values include:

- Democracy
- The rule of law
- Individual liberty and mutual respect
- Tolerance of different faiths and beliefs

Isn't my child too young to learn about extremism?

The Prevent strategy is not just about discussing extremism itself, which may not be appropriate for younger children. It is also about teaching children values such as tolerance and mutual respect.

Schools should make sure any discussions are suitable for the age and maturity of the children involved.

Is extremism really a risk in our area?

Extremism can take many forms, including political, religious and ideological extremism. Some of these may be a bigger threat in our area than others.

The intention is to give children the skills to protect them from any extremist views they may encounter, now or later in their lives.
